SUMMARY

Computing Science Honours student (Artificial Intelligence specialization) at the University of Alberta seeking software engineering, machine learning, or data internships. Strong in Python, data structures and algorithms, and problem solving, with hands-on teaching experience helping 50+ students per term debug, optimize, and design code. Ships working software end to end and picks up new tools fast. Based in Edmonton; open to remote.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, HTML, CSS

Concepts: Data Structures & Algorithms, Object-Oriented Programming, Machine Learning, Artificial Intelligence (AI), Debugging

Tools & Platforms: Git, GitHub, MS Office (Excel, Word, PowerPoint), Google Workspace, SEO

Spoken Languages: English (fluent), Hindi (fluent), Punjabi (fluent), French (beginner)

EDUCATION

BSc Honours, Computing Science — Artificial Intelligence Specialization

University of Alberta

2024 – Present

Edmonton, AB

Class XII, Science Stream — Distinction

DAV Public School

2023 – 2024

Punjab, India

EXPERIENCE

Teaching Assistant — Introductory Computing Science

University of Alberta

Jan 2025 – Present

Edmonton, AB

- Support 50+ students per term in introductory Computing Science and Python, explaining technical concepts in plain language.
- Debug unfamiliar errors in real time during weekly lab sessions and guide students through code optimization and algorithm design.
- Grade assignments with detailed, constructive feedback and coordinate with instructors to align on course objectives.

Undergraduate Tutor

University of Alberta Students' Union (UASU)

Jul 2025 – Present

Edmonton, AB

- Tutor fellow undergraduate students in courses I have completed, breaking down technical concepts and guiding them through problem-solving one-on-one.

Assistant Regional Coordinator

Harrington Housing

Apr 2025 – Present

Edmonton, AB • Remote/Hybrid

- Serve as primary point of contact for residents, resolving 20+ inquiries per week across email, phone, and in person.
- Coordinate leasing, onboarding, and unit setup while documenting interactions in internal systems for accuracy and compliance.

Founder, Owner & Operator

Quick-Service Restaurant

Aug 2021 – Jul 2024

Punjab, India

- Built and ran a business for three years, managing online sales platforms, purchase orders, menu development, and daily operations.
- Trained and supervised staff and grew repeat-customer loyalty through consistent service quality.

PROJECTS

Personal Portfolio Website — HTML, CSS, JavaScript

- Built and deployed a responsive personal portfolio driven by a single data-config file, including an interactive keyword-matching “ask my resume” assistant.

MagnoC — Smart Toy Concept — Founder

- Led a smart-toy concept (a toy with an inbuilt vacuum to encourage toddler activity) from idea through working prototype.

Snapchat AR Filter — Top 10 Globally — Design + Technical

- Designed an International Women's Day AR filter recognized by Snapchat as a top-10 filter worldwide.

LEADERSHIP & ACHIEVEMENTS

- Elected Head Boy and Deputy Head Boy (student government, 2022–2024); 2nd prize, Interschool Entrepreneurship Competition (₹11,000 award).
- Regional 1st prize and national consolation prize, CBSE Science Exhibitions; CPR / First Aid / AED certified.
